

ACTS ATTACK
THE LAST REFORMATION!

Matthew 11:12

**"From the days of John The Baptizer until this hour the Kingdom of Heaven is
Led by force and the violent are seizing it."**

**IN CONTRAST TO CHURCHES IN DECLINE - WE MUST KEEP ALINED AND GROW
INDIVIDUALS IN MINISTRIES FOR THE KINGDOM!**

In the Acts Blueprint model, the church is beautifully illustrated as the vibrant community formed by meetup groups. This is our model! For us, church transcends the confines of a temple or sanctuary; it embodies the heartfelt contributions of each member as integral parts of the body of Messiah.

The early church, as depicted in the book of Acts, thrived on collaboration rather than on the shoulders of a single leader imparting, which sets us apart from many contemporary churches. The book of Acts never had one single leader imparting but many with one heart, and through these gifts we see their contribution in turning the world right side up!

We want that image to be ours here at Way Of The Master Yahshua. Regrettably, we can say many modern churches seem to falter in nurturing genuine spiritual growth to maturity. The fact is that Yahshua allocated the anointed body to work together in bringing spiritual maturity to its fullness.

Why is it that often modern churches shy away from proclaiming the full counsel of God, which establishes maturity, opting instead to try to sustain their congregations with spiritual “milk” rather than nourishing them with the rich “meat” of deeper teachings? It is a fact that many of these churches give out milk actually in fear that their congregation will be turned off and leave them! These churches want to keep everything “light and fluffy!” Continuing with this arrangement stifles true spiritual development, a state that seems to be accepted all too easily. This complacency allows young Christians to remain in a state of spiritual infancy, neglecting the critical need for all believers to pursue maturity. It's unacceptable that so many individuals continue to stagnate in their faith and live lives of spiritual weakness. Our goal is to establish individuals spiritually thriving and arriving in strength. We must collectively cultivate a strong desire and determination to grow up and fully embrace our roles as mature adults in the Messiah.

In contrast, in our community, we value every individual's contribution, creating a space where newcomers can engage with these teachings for the first time while others revisit foundational truths, invigorating their understanding. This enriching journey allows members to uncover dimensions of faith that may have remained hidden to them, thereby strengthening their spiritual foundation and guiding them toward the new life they have long yearned for. Together, we foster an atmosphere of growth, discovery, and profound connection.
